Royal Free Hospital FRCPATH Intensive Practical Course in Haemostasis

18-22nd March 2019

**Katharine Dormandy Haemophilia Centre
and Thrombosis Unit**

This course will cover all aspects of clinical and laboratory haemostasis. It is particularly aimed at trainees preparing for the part 2 FRCPATH examination but is also suitable for clinicians and scientists wishing to gain intensive training in haemostasis.

Core features:

- comprehensive training in basic and advanced clinical practise in haemostasis
- interactive state-of-the-art lectures from established experts in the field
- FRCPATH focused
- case based data interpretation
- practical demonstrations of haemostasis laboratory assays

Course fee: £450
