# The ROYAL MARSDEN

NHS Foundation Trust

# The Royal Marsden Conference Team

**Event ID: 835** 

# **CAR-T Study Day**

## Friday 17th July 2020

Venue: The Royal Marsden Conference Centre, Stewart's Grove, London, SW3 6JJ

Aim: Immune effector cell therapies, including Chimeric Antigen Receptor T Cell Therapy (CAR-T), are

an exciting new therapeutic intervention for some malignancies. This innovative cancer treatment

contributes to our existing repertoire of immunotherapy and is integral to the concept of

personalised medicine. The study day will give delegates the opportunity to explore the current immunotherapy landscape and the role of CAR-T as a systemic anti cancer therapy. The day will raise awareness of the complex patient pathway and the myriad challenges experienced by patients,

carers, and the service.

Audience: Nurses, doctors, and other health care professionals working in specialities where this intervention

is currently available, i.e. haemato-oncology, and/or in the context of clinical trials for a range of

solid tumours, or who work in referring centres for CAR-T therapy.

Cost: £100 Early Bird Rate (ends 30th April 2020); £120 per delegate thereafter

**Programme** 

09.00-09.20 Registration and Tea/Coffee

09.20-09.30 Introduction to the day
