

TUESDAY
19th May 2020

CPD
Accredited

South West

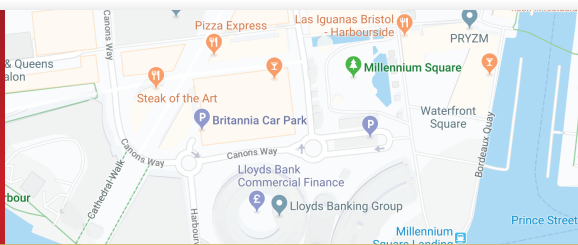

National Thrombosis Conference

Thrombosis is a global priority

- 1 in 4 deaths are due to conditions caused by thrombosis
- Every 37secs a person dies of VTE in the Western World
- 50%-60% of all cases occur during or following hospitalisation
- VTE is the #1 cause of preventable hospital deaths

CPD accredited, this dedicated HCP conference provides opportunity to update, learn, review cases studies, interactive workshops, pose question, share experience, network, discuss and advance your skills in prevention and management of VTE and implementation of exemplary VTE services.
