BSH New Consultant Day

11 March, 2026
44 Hallam Street, London

This one-day workshop gives new consultants the essential tools to step confidently into their role. You'll gain a solid grounding in leadership, management, NHS finance, laboratory operations, and quality in clinical practice. Through expert-led sessions and practical case discussions, you'll build confidence in managing teams, handling challenging conversations, and providing effective educational supervision.
